

THE PROJECT

DiCe's primary aim is to introduce new practices of citizenship, by exploring emerging digital technologies as a source and a medium for the creation of pedagogical material in the sector of Adult Education.

OBJECTIVES

- To develop an educational programme on digital citizenship
- To incorporate inclusion strategies for marginalised groups in its programme
- To implement that programme in 5 EU member states (France, Italy, Greece, Cyprus, Ireland) by training adult educators on its subject matter.
- To create an innovative digital toolkit
- To promote digital citizenship in adult education and other sectors, across the EU

RESULTS

- Training Package
- Development of Online Toolkit
- Implementation and Validation

Co-funded by the
European Union
